

TOWN OF MARBLEHEAD FORT SEWALL

PROGRESS UPDATE AND UPCOMING TWO-WEEK LOOK-AHEAD SCHEDULE FRIDAY November 13, 2020

Dear Neighbors:

Below is the update on construction progress since November 2nd and anticipated schedule for the next two weeks

We have divided the project scope into main work tasks, and are providing an update as follows:

General Conditions

- The contractual hours for the contractor are 7:00AM to 5:00PM Monday through Friday 8:00AM to 5:00PM on Saturdays with permission
- The contractor will be working this Saturday November 14th
- The Contractor, Sciaba Construction is doing the site works project is also doing the restroom project which is a separate contract

Site work

- Grading of the remaining pathways will continue through this two-week reporting period
- The final granite stairway and retaining wall are scheduled to begin during this two-week reporting period
- The installation of the curbing along the upper pathways is scheduled to be completed on the lower path and ramp base within this two-week reporting period
- The winter rye has been planted above the redoubt during this two-week reporting period
- The bench installation will continue through this two-week reporting period

Restroom Restoration

- Roof work has begun and will continue through two-week reporting period
- Plumbing work has begun and will continue through two-week reporting period
- Interior demo has been completed

Please note: the above schedule information is based on information provided by the Contractor during the weekly job meetings, and is subject to change depending on weather, unforeseen conditions, or other. We will make best efforts to inform the neighbors of any significant change to the schedule outlined above.
