This is an application for: New parking on left side of house.
Issues discussed include:
Running bond brick; rubble stone wall on left side of area; granite steps into yard; wooden hand rail; berm between street and driveway entrance. During recent house fire, Mhd Fire Dept. had difficulty getting to house in emergency. Present garage space already exists on right side of house. Plan indicates the addition of two parking spaces on side.
 - Consider reworking garage side.
 - Elevation studies/plans were not included, though Board and new regs require it.

- Expressed concerns about changing topography and setting of house for parking is not appropriate for district.

Appearing in support:

1. Cindy Kilbarger-neighbor is realtor. Thinks extra parking will enhance view corridor and house value.
2. Kipp Carlson (mother) – need safe place for kids to exit car. Feels it will make Circle Street safer since there is no on-street parking.

In opposition:

1. Phil Gouzouli- representing 24 Merritt St., Gill Leaf. Concerned that this will impact parking on their side of street-across from 25 Circle Street.

It was moved, seconded, and voted (5-0) to deny a Certificate of Appropriateness for work as presented due to disruption of 18th century setting.
