Mercury Recovery

Program

Mercury is an element that can be harmful to human health and to the environment if not managed properly.

The following household products contain mercury:

Thermostats
Thermometers
Mercury Switches
Button Cell Batteries
Fluorescent Bulbs (Under 2 Feet in Length*)

You can exchange your mercury fever thermometer for a New digital thermometer (while supplies last).

Please bring these products containing mercury to:

Marblehead Board of Health Office
Mary A. Alley Municipal Building
7 Widger Road

during regular business hours for proper disposal.

*Fluorescent bulbs longer than 2 feet in length must be dropped off at the Transfer Station.
