ARPA FUNDED PROJECTS

Coronavirus Local Fiscal Recovery Fund (CLFRF): \$6,144,029.93
Projects Funded: \$5,567,126.84
ARPA Funds remaining: \$576,903.09
Unfunded Requests: \$13,524,266.00

FUNDED PROJECTS	ESTIMATED COST	PLAN/STUDY	PROJECT CATEGORY	DEPARTMENT	TF STATUS	DESCRIPTION AND JUSTIFICATION
Rail Trail-Lead Mills/Bridge Construction	\$1,426,200.00	Rail Trail Plan	Recreational infrastructure	Planning	Funded	Implement the construction of the portion of the Marblehead rail trail at Salem Harbor, out to the Salem line, to include upgrade of the two inaccessible bridges and trail improvements.
DPW Refueling Tanks	\$972,010.00	DPW/Town wide resource	Infrastructure	Public Works	Funded	Town wide refueling resource. Potential critical environmental liability. Increased by Select Board from 950,000 to 972,010
Replenishing Reserve ARPA Formula	\$584,142.00	Finance Department	Lost Town Revenue due to COVID	Finance	Funded	To cover Town loss of services and projects due to covid; per final rule, not restrictive, and can be used for government services or projects. This was originally based on formula but new final rule allows all municipalities to use the category revenue loss without a calculation up to \$10M.
Replace fiber connection	\$500,000.00	CIP	Broadband infrastructure	IT	Funded	Procurement and installation of a fiber optic wide-area network to connect all municipal, school and municipal light facilities as well as other utility sites and major intersections to allow for enhanced network capabilities.
School Literacy Lesson Plan Study	\$400,000.00	School Request	Education and academic support	Schools	Funded	This comprehensive curriculum purchase and three-year adoption process includes educator and student instructional materials and supplies, educator and student access to online resources and enrichment tools, as well as educator and leadership professional development.
School/Town Financial Software Upgrade	\$231,902.00	Town Share 50%	Technology and digital initiatives	Finance	Funded	New ERP Solution to eliminate multiple systems and move to cloud based system.
School/Town Financial Software Upgrade	\$231,901.50	School Share 50%	Technology and digital initiatives	Schools	Funded	New ERP Solution to eliminate multiple systems and move to cloud based system.
Mental health treatment, resources, supports	\$200,000.00	BOH Request	Public Health	Public Health	Funded	To address the mental health needs of the Marblehead community.
Administrative ARPA Implementation Staffing Support	\$150,000.00	LRRP	Infrastructure supporting economic development and commerce	Planning	Funded	Hire a Town coordinator (temporary, 2-year position) to help with management of projects related to the Local Rapid Recovery Planning (LRRP) program, including coordination of American Recovery Plan Act (ARPA) funds to meet Town goals for COVID recovery.
Redds Pond renovation (design/engineering)	\$100,000.00	CIP	Recreational infrastructure	Engineering	Funded	Engineering Firm to design infrastructure improvements to Redd's Pond.

ARPA FUNDED PROJECTS

FUNDED PROJECTS	ESTIMATED COST	PLAN/STUDY	PROJECT CATEGORY	DEPARTMENT	TF STATUS	DESCRIPTION AND JUSTIFICATION
Gerry School Playground and Park Improvement	\$100,000	CIP	Recreational infrastructure	Parks & Recreation		Supplements gift funding for update of park and playground at former Gerry School playground to create new neighborhood park.
COVID-19 Public Health Response-IHealth Labs Inc	\$76,600.00	Finance Department	Public Health	Public Health	Funded	COVID testing supplies
After School Programming	\$75,000.00	School Request	Education and academic support	Schools	Funded	To enable students to have access to programs and opportunities that will support academic achievement and well-being. In-house and district supported after school programs will enable students and families access to high quality, engaging academic and social emotional experiences.
Schools-Technology 1	\$67,200.00	School Request	Technology and digital initiatives	Schools	Funded	The Smart panels for the Village school will replace old projectors and outdated and incompatible touch boards. Smart panel technology used in our classrooms helps to enhance our students' learning using not just visual and auditory but allows kinesthetic-tactile learning with interactive classroom lessons. These new panels will be installed in intervention rooms, additional special education classrooms and into other allied arts rooms and will help address learning loss because of COVID.
School Professional Development	\$63,100.00	School Request				
Information Booth and Plaza Upgrade	\$60,311.00	LRRP	Infrastructure supporting economic development and commerce	Planning	Funded	Added additional approved \$6,311.00 To cover required change order on project
Computer replacement for connectivity upgrades-Valley Communications	\$53,845.17	CIP	Technology and digital initiatives	IT	Funded	Network equipment
Equip Meeting Spaces with Hybrid Technology	\$50,611.00	Town Admin Request	Technology and digital initiatives	IT	Funded	Equipment and network upgrades to support hybrid meetings at Abbot Hall and Mary Alley buildings.
Hobbs House Window replacement	\$45,000.00	CIP	Public Health	Public Health		Project is being bid to determine actual costs
Chart of Accounts	\$32,600.00	School Share 50%	Technology and digital initiatives	Schools	Funded	Hire an accounting firm or CPA to remap the chart of accounts in conformance with UMAS
Chart of Accounts	\$32,600.00	Town Share 50%	Technology and digital initiatives	Finance	Funded	Hire an accounting firm or CPA to remap the chart of accounts in conformance with UMAS
Rail Trail-Project Grant Match	\$28,000.00	Rail Trail Plan	Recreational infrastructure	Planning	Funded	Match for grant funding for Rail Trail improvements.
Schools-Classroom Equipment	\$27,313.00	School Request	Technology and digital initiatives	Schools	Funded	The Science equipment will replace outdated, broken, and missing equipment that will allow our science teachers to better address the learning loss associated with COVID-impacted schedules and guidelines.

ARPA FUNDED PROJECTS

FUNDED PROJECTS	ESTIMATED COST	PLAN/STUDY	PROJECT CATEGORY	DEPARTMENT	TF STATUS	DESCRIPTION AND JUSTIFICATION
Summer learning program	\$20,000.00	School Request	Education and academic support	Schools	Funded	This funding supports directly addressing learning loss and regression prevention. Students will have opportunities to elect content focused programs that support project-based learning and hands-on activities geared at content and grade-level standards. Additionally, these dollars will enable us to continue to attend to mental health services and access to counselors during the summer months when school is not in session.
Computer Equipment for connectivity	\$15,086.29	Finance Department	Revenue Replacement	Finance	Funded	EPLUS Technology Nutanix DX & FORTINET & O365 and Integrated IT Equipment cables
Rail Trail-Construction Management	\$8,000.00	Rail Trail Plan	Recreational infrastructure	Planning	Funded	Construction Project Management
COVID-19 Public Health Response-Kitteredge Equipment Co	\$7,008.00	Finance Department	Revenue Replacement	Public Health	Funded	Kitteredge Equipment Co Safety Equipment
Equip Meeting Spaces with Hybrid Technology	\$5,700.00	School Request	Technology and digital initiatives	Schools	Funded	The School Department's request is for the technology hardware required to continue to allow for remote participation for School Committee meetings. This particular technology allows for the School Committee to continue to meet at MHS where MHTV already has systems or broadcasting installed.
Audit Firms consulting assistance with ARPA	\$2,996.88	Finance Department	Revenue Replacement	Finance	Funded	Powers & Sullivan for ARPA Loss Calc and CLA for Residual payment of financial department review
\$5,567,126.84
