**Situation Update**

*Note: Beginning Next Week the Command Center Situation Report will be published on a Tuesday/Thursday Schedule. The next Situation Report will be published on July 21st.*

State Actions in Today’s Report:

- $20 Million to Support Vital Social Services, Small Businesses
- Public Health Data: Daily Dashboard Indicators
- Update on Mobile Testing Numbers
- Situation Update on Holyoke and Chelsea Soldiers’ Homes

**Situation in Numbers**

**Massachusetts current as of 7/17**

106,487 Total Confirmed Cases (click here for more information)

8,184 Deaths among confirmed cases

982,494 individuals tested for the virus to date by MA State Public Health Laboratory, hospitals and commercial laboratories.

**United States Last Updated 7/17**

Case numbers are updated regularly at noon. Saturday/Sunday reports are preliminary and have not been confirmed with state/territorial health departments.

**Total Cases Reported to CDC:**

3,555,877 Total Cases

137,864 Deaths

55 Jurisdictions Reporting Cases (50 states, D.C., Puerto Rico, Guam, Northern Marianas, and US V.I.)

**Social Distancing Basics:**

- Stay Home
- Call/Facetime/online chat with friends and loved ones.

If you go out for essential needs:

- Avoid crowds
- Stay 6 feet away from others
- Don’t shake hands or hug
- Wear a face covering or mask if physical distancing is not possible.

**Background on the Command Center**

The COVID Command Center, under the leadership of Secretary Marylou Sudders and reporting to Governor Charlie Baker and Lt. Governor Karyn Polito, is the Commonwealth’s single point of strategic decision making and coordination for the Administration’s comprehensive COVID-19 response.
State Actions

Today, Governor Charlie Baker and Lt. Governor Karyn Polito joined Secretary of Energy and Environmental Affairs Kathleen Theoharides, Senator Michael Rodrigues and other local leaders to tour Assawompset Pond and provide a media availability. (See video here).

Testing Update:
Today, almost 13,000 new molecular (viral) tests were reported in Massachusetts with 216 newly reported confirmed positive cases. Nearly 1,300,000 molecular tests have been conducted to date. The seven-day average remains at 1.7%.

Hospitalizations & Capacity Update:
The number of people reported hospitalized today is 515, with 76 reported to be in the Intensive Care Unit (ICU). Key indicators from today’s Daily Dashboard begin on page 3.

$20 Million to Support Vital Social Services, Small Businesses (News Release)
The Baker-Polito Administration announced $19.6 million for municipalities to address emergency needs in light of the Coronavirus pandemic. This funding will support 181 communities in their work to provide vital services to low-income residents and small businesses affected by the recent outbreak.

Local governments and regional consortiums will fund social services, including homelessness prevention, food pantries and assistance, and job training for in-demand health care workers and technicians. Many communities will also make grants available for local small businesses with five or less employees. 36 lead awardees will organize within their respective municipality or region to deliver services.

The Department of Housing and Community Development (DHCD) made this $19.6 million award through the federally-funded Community Development Block Grant (CDBG) program. Congress allocated new emergency funding for the program through the Coronavirus Aid, Relief, and Economic Security Act – the CARES Act – to address substantial needs in low and moderate-income communities affected by the pandemic.

DHCD has received $46 million in special CDBG funds so far, and is distributing funding across municipalities and stakeholders to meet increased needs, with a focus on helping households maintain housing stability.

In June, the Baker-Polito Administration announced a $20 million Emergency Rental and Mortgage Assistance program, which is also funded in part through this federal allocation. This new fund will help more low-income households who have lost employment or income due to the pandemic maintain stable housing, and builds on DHCD’s existing homelessness prevention program, RAFT. In March, Governor Baker announced a $5 million infusion for the fund to address increased need.

DHCD has received more than $160 million in federal funding through the CARES Act, including more than $20 million that has been distributed to Community Action Agencies for anti-poverty work, and is preparing to allocate additional funding for shelter providers. DHCD continues to be in close contact with the stakeholder network, and is working with CHAPA and Mass Housing Partnership to track local emergency rental assistance programs and other resources available to those affected by the COVID-19 pandemic.

This month, the Baker-Polito Administration unveiled a COVID-19 economic recovery package to respond to
challenges brought on by the COVID-19 pandemic. The $275 million package, designed to promote equity across the Commonwealth, includes $85 million for housing efforts, including investments in neighborhood stabilization and sustainable, climate resilient affordable housing, as well as $50 million in targeted relief for small and minority-owned businesses.

**Holyoke Soldiers’ Home Update**

- Since resuming outdoor visitation, the Soldiers’ Home in Holyoke has had more than 460 visits, including nearly 50 this week as of Thursday.
- Soldiers’ Home staff were retested for COVID-19 on Monday and Tuesday of this week as part of an every-other-week retesting plan.
- In June, the Baker-Polito Administration released the independent report ordered by Governor Baker to investigate the COVID-19 outbreak at Holyoke Soldiers’ Home, and announced a series of reforms to strengthen its governance and oversight of the Home, improving staffing processes, providing quality care for our Veterans, and planning for significant capital improvements.
- The Soldiers’ Home leadership is committed to ensuring the safety of the Veteran residents and restoring the Home to its rightful place that treats them with dignity, honor and respect. The Soldiers’ Home leadership is moving into the Transition & Rebuilding Phase that is focused on rebuilding staff leadership and team and positioning the facility to move forward safely.
- Phase 1 of the refresh project, which involved updating the interiors of the 3rd floor units for enhanced infection control, is nearing completion this month.
- All veteran residents of the Soldiers’ Home in Holyoke who had previously tested positive have been determined clinically recovered, following full-house retesting. Residents are actively continuing their recovery, and the health status of veterans has seen marked improvement. If there is any sign of COVID-like symptoms, residents are retested.
- The Home is continuing recreational activities for Veterans, respecting social distancing, and veterans continue to go outside with nursing and recreation staff. The Soldiers’ Home has resumed offering

COVID-19 RESPONSE COMMAND CENTER
DAILY SITUATION REPORT

religious services onsite, limiting size, respecting social distancing, and hosting outside weather permitting.

- Outdoor visitation with veterans’ families and loved ones is being offered, with 20 slots available each day, Tuesday through Saturday. Families and loved ones are able to schedule visits with veterans in advance using the Family Line.
  - The Soldiers’ Home is following visitation guidance, and is using outdoor visitation protocols that prioritize the health and safety of our Veterans and staff with continued focus on infection control. This plan will be contingent on the continued stability of infection controls and public health metrics, which we continue to monitor daily and coordinate with state and local health officials.
  - Outdoor visitation is occurring alongside continued video visits, and the Family Hotline is available for ad hoc updates with support from social work and clinical staff. Families can call the Family Hotline at 413-552-4764 Monday - Friday 8:00 a.m. - 4:00 p.m. Families can also request updates via email at CommunicationsMailbox-HLY@Mass.gov. Please note the Soldiers’ Home can only share medical information about a resident with the authorized health care proxy on file.
- Holyoke’s Clinical Command continues to respond to the COVID-19 outbreak, monitoring staffing levels, while bringing on additional management staff for nursing, facilities, and administration. The Holyoke Soldiers’ Home has been intently focused on following infection control procedures and maintaining best practices for the safety of veteran residents and staff, and to support the recovery of veterans as the health status of many stabilizes. All veteran residents’ health is being monitored and retesting is being conducted for veterans both on- and off-site as clinically appropriate.

The current status as of July 17 is as follows:
  - The current status of all residents:
    - 0 veterans are positive across the Home and those at Holyoke Medical Center
    - 62 veterans are negative
    - 83 veterans have recovered, meaning they previously tested positive and are now clinically recovered
    - 0 veterans have a pending test result
    - 1 veteran has refused testing
  - Resident locations:
    - 119 veterans are onsite
    - 27 veterans are offsite
      - 26 veterans are at a dedicated skilled nursing unit at Holyoke Medical Center
      - 1 veteran are receiving acute care offsite
  - Since March 1, there have been 100 veteran deaths (76 deaths of veterans who tested positive, 20 veterans who tested negative, 1 veteran whose status was unknown, 3 veterans were clinically recovered)
  - Employees at the Home have been retested and all are clinically recovered.

Chelsea Soldiers’ Home Update

- The Chelsea Soldiers’ Home continues to welcome visitors for outdoor visitation between veterans and loved ones, and has welcomed 44 visitors this week and weekend, and 185 total since resuming visitation. Following visitation guidance, the Home has protocols that prioritize the health and safety of our Veterans and staff with continued focus on infection control. Ongoing plans are contingent on the
continued stability of infection controls and public health metrics, which we continue to monitor daily and coordinate with state and local health officials.
  o Outdoor visitation is occurring in addition to continued video visits between veteran residents and their loved ones. Families can also request updates on their loved ones by contacting the Home at CSH@mass.gov and through phone and video conversations. Medical information can only be shared with an authorized health care proxy.

• The Soldiers' Home in Chelsea is reporting the recovery of residents based on clinical determinations following the retesting of all veterans, and 43 residents who had previously tested positive have been determined clinically recovered.
• The Home has eased restrictions for Dorm residents, who can now order food delivery from area restaurants, and drive in their personal vehicles off-site to medical appointments. The curfew has been extended, now from 11pm - 5am.
• The Incident Command team at the Chelsea Soldiers' Home continues to monitor and enforce staff use of personal protective equipment (PPE), as well as source PPE to ensure that residents and staff have access to critical safety equipment. The team continues to coordinate closely with the VA Health Care System.

• The current status as of July 17 is as follows:
  o Residents
    ▪ 0 veteran residents are positive
    ▪ 152 veteran residents have tested negative
    ▪ 43 residents have recovered, meaning they previously tested positive and are now clinically recovered
    ▪ 43 veteran resident deaths (31 tested positive, 11 tested negative, 1 clinically recovered)
  o Employees:
    ▪ Employees have been retested, and 4 total are positive and are being retested
    ▪ 61 employees have been determined clinically recovered

Resources

Red Cross Virtual Family Assistance Center
In order to provide support to families and communities who have suffered loss as a result of the COVID-19 pandemic, the American Red Cross has developed a Virtual Family Assistance Center (VFAC), staffed by a team of specially trained mental health, spiritual care, and health services volunteers who are:
• Connecting with families over the phone to offer condolences, emotional and spiritual support, and access to available resources
• Providing support for virtual memorial services for families, including connecting with local faith-based community partners
• Hosting online classes to foster resilience and facilitate coping skills
• Assisting families with access to national, state or local resources such as grief counseling, legal resources, funeral information, financial information services, or veterans’ assistance
• Additional state- and local-specific resources are available.

People can visit: https://www.redcross.org/virtual-family-assistance-center/ma-family-assistance-center.html to access this resource with special virtual programs, information, referrals and services to support families in need. People without internet access can call toll-free 833-492-0094 for help. All Family Assistance Center support will be provided virtually and is completely confidential and free.
Disaster Recovery Information
On March 27, the President declared a Major Disaster Declaration for the Commonwealth of Massachusetts related to the COVID-19 pandemic response. Through this declaration, federal aid will be made available to cities and towns, state agencies, and certain non-profits in all Massachusetts counties to help pay for emergency protective measures (response costs) related to the COVID-19 pandemic. MEMA’s Recovery Unit has developed a webpage with information and guidance on, but not limited to, disaster declaration, eligibility criteria, and the application process.

COVID-19 Public Resources Map
MEMA, together with MA VOAD and other partners, has developed a COVID-19 Public Resources Map showing the location of resources available to the public, such as food banks, houses of worship, and Project Bread site locations. Please note that this map is not inclusive of all resources and is only as accurate as the information that has been provided to MEMA.

Massachusetts COVID-19 Response Dashboard
MEMA has developed and maintains a public-facing COVID-19 ArcGIS Online dashboard, available here. This dashboard is continuously updated and captures information about current COVID 19 case counts, cases by age, cases by county, hospital status, hospital bed status, death tolls, and deaths by age. Users should refresh the dashboard on a daily basis as enhancements are continuously being added.

Stay Informed

- Get information from trusted sources. Visit https://www.mass.gov/covid19 for the latest news, case counts, and lab testing results. Call 2-1-1 with questions. Text the keyword COVIDMA to 888-777 to receive notifications to your phone. To receive these notifications in Spanish, text COVIDMAESP to 888-777.
- Take care of your emotional health:
  - Call 2-1-1 and choose the “CALL2TALK” option.
  - Samaritans is continuing operations 24/7, as always. During this unprecedented time, it can feel overwhelming to receive constant messages about COVID-19. Call or text their 24/7 helpline any time at 877-870-4673.
  - The Disaster Distress Helpline, 1-800-985-5990, is a 24/7, 365-day-a-year, national hotline dedicated to providing immediate crisis counseling for people who are experiencing emotional distress related to any natural or human-caused disaster, including disease outbreaks like COVID-19. This toll-free, multilingual, and confidential crisis support service is available to all residents in the United States and its territories.

The Need for Blood Donations Continues, and Recovered COVID-19 Donors Can Help Save Lives

In coordination with the U.S. Food and Drug Administration (FDA), the Red Cross is seeking people who are fully recovered from the new coronavirus to sign up to donate plasma to help current COVID-19 patients. People who have fully recovered from COVID-19 have antibodies in their plasma that can attack the virus. This convalescent plasma is being evaluated as treatment for patients with serious or immediately life-threatening COVID-19 infections, or those judged by a healthcare provider to be at high risk of progression to severe or life-threatening condition. Interested individuals can visit [RedCrossBlood.org/plasma4covid](#) to learn more, and if eligible, sign up to help. As part of our nation’s critical infrastructure, healthy individuals can still donate in areas that have issued shelter in place declarations. The Red Cross follows the highest standards of safety and infection control, and volunteer donors are the only source of blood for those in need. To make an appointment to donate, please visit [www.RedCrossBlood.org](http://www.RedCrossBlood.org)
