PER ORDER OF THE MARBLEHEAD BOARD OF HEALTH

**IN ACCORDANCE WITH THE ORDER ISSUED
BY THE MARBLEHEAD BOARD OF HEALTH
ON September 15, 2020, the board amended the
order to help prevent the spread of the COVID-19
virus**

**A facial covering with an exhalation valve is
prohibited. Respirators or facial coverings with
exhalation valves protect the wearer from COVID-
19 but may not prevent the virus from spreading
from wearer to others. If only a respirator with an
exhalation valve is available, cover the exhalation
valve with a surgical mask or procedure mask, or
cloth face covering that does not interfere with the
respirator fit.**

This emergency order shall be effective September 18, 2020 at 12:01 A.M.
