	Nonres. uses	4,000	35	N	6	8	(4)	35(6)

N None

- (1) The greater of: (a) one square foot of open land area (in addition to parking areas on such lot) for each one square foot of gross floor area; or (b) 400 square feet of open land area (in addition to parking areas and maneuvering areas). For this purpose parking access driveways are defined as being a minimum width of 11 feet for single lane and 20 feet for two lane access for each dwelling unit.
 - (2) Except where there are commercial uses on the street level and one residential unit above, the minimum lot size shall be 7,500 square feet.
 - (3) Except as to any boundary abutting any other business district, six feet; as to any boundary abutting any residential district, nine feet.
 - (4) One square foot of open land area (in addition to the areas of required parking spaces for such lot) for each two square feet of gross floor area.
 - (5) The setback along the sides of any block of row houses shall be six feet in the Business District, nine feet in the Shoreline Unrestricted and Shoreline Central Residence Districts and four feet in the Unrestricted and Central Residence Districts.
 - (6) Except wireless communication facilities (see § 200-39).
-
- (A) There shall be a waterfront setback of not less than 25 feet from the line of mean high tide for all new construction. This provision shall not apply to any additions to existing buildings nor to water-related uses where proximity to the water is functionally necessary.
 - (B) There shall be a waterfront setback of not less than 15 feet from the line of mean high tide for all new construction. This provision shall not apply to any additions to existing buildings nor to water-related uses where proximity to the water is functionally necessary.
